

CaRES Community Group Ground Rules

- We aim to build relationships, learn together, and share community resources.
- We respect everyone's ideas and experiences and try to learn from each other.
- We share from our experiences as caregivers and respect that others may have different roles and experiences.
- We keep what is shared private unless, as mandated reporters, we have to report it.
- We respect each other's beliefs, values, and choices even when they are different from ours.
- When sharing our stories, we do our best to protect the privacy of our children/youth.
